Assignment Instructions:

By the deadline, submit 100-word bios for up to 1-3 characters in your performance piece. Consider the conversation we had in class and make sure to give us biographical details as well as important elements of their psychology.

Some questions to consider:

If your character is the PROTAGONIST:

- What makes you like them?
- What makes you root for them?
- What is something that u see in their personality that prevents them from success (psychological, concrete, physical, societal?)
- What is something unique that is unexpected about them?

If your character is an ANTAGONIST

- What three things make you not want them to succeed?
- What is something that makes you sympathize with them?
- What might be a reason why they are preventing your Protagonist from succeeding?
- What is something unique that is unexpected about them?

If they are SUPPORTING CHARACTERS, they may have elements of both!
